Introduction

LSM was a collaborative initiative organized by the E-Cells of IIT Kharagpur and MNIT Jaipur. The event connected aspiring entrepreneurs from MNIT Jaipur with investors and experienced founders. It provided a structured platform for mentorship, guidance, and ecosystem exposure. Student-led startups were given the opportunity to pitch before an expert judging panel. Participants received constructive feedback for business validation and refinement. The initiative aimed to accelerate startup growth through strategic evaluation and industry interaction.

Objectives of the event

- Foster meaningful interaction between student entrepreneurs and investors.
- Provide a formal platform for startup pitching and structured feedback.

- Enable mentorship-driven business validation and refinement.
- Offer strategic guidance for scaling and growth

Event Format

Student-led startups from MNIT Jaipur were invited to pitch before an expert judging panel comprising of investors and experienced entrepreneurs at Jaipur Startup House. Participants received constructive feedback for business validation and refinement.

Aspiring entrepreneurs were given opportunity to discuss their idea with experts to gain guidance and industrial insights which will be helpful to shape their ideas in future.

Impact and Outcome

- Enhanced practical understanding of startup pitching and investor expectations
- Direct exposure to investors and experienced entrepreneurs
- Improved business model clarity through expert feedback
- Strengthened confidence in presenting and defending ideas
- Access to mentorship and potential funding opportunities in near future
- Accelerated growth and validation of early-stage startups
- Stronger entrepreneurial culture within MNIT Jaipur

Conclusion

Students actively engaged with investors and experienced entrepreneurs, presenting their startup ventures and receiving valuable strategic feedback. The event witnessed meaningful interaction, insightful discussions, and strong participation from the entrepreneurial community.

It significantly enhanced practical exposure to the startup ecosystem and strengthened the culture of innovation and mentorship at MNIT Jaipur. Moreover, it reinforced the role of E-Cell initiatives in bridging the gap between student founders and industry leader

* EEI (Entrepreneurial Exposure Index) is an internal impact metric developed by E-Cell MNIT Jaipur to quantify the overall exposure generated by an event. It is calculated as: $[EEI=P+EH/2+5M+D/200]$ where P = Participation, EH = Engagement Hours, M = Mentor Network Engaged, and D = Digital Outreach.

The index reflects the combined reach, engagement depth, and mentorship interaction created through the event.
